www.indydisplays.com

Top-Quality Frames

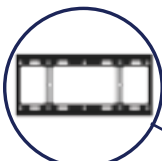

Durable, light-weight aluminum construction built to last

Easy Setup

No wires to connect, magnetic power links enable plug and play

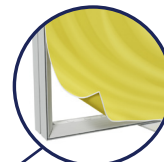

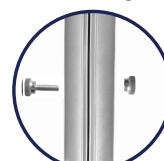

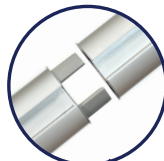

Connectors

Link panels together at various angles

TV Mount

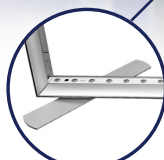

Seamless floating mounts fit frames up to 20ft wide

Push-fit Fabric

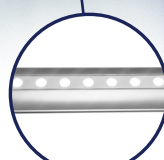

Silicone sewn edges slide into the frame for a tensioned fit

Heavy Duty Case
Custom molded foam inserts keep parts organized and secure

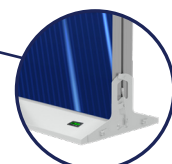

Stability Footing

Swivel design slides to desired location

Brilliant LEDs

Light fixtures embedded inside the frame

Connectors

Elevate your exhibit combining panels from our BrightLine, WaveLine, and StraightLine display collections, resulting in alluring hybrid configurations that use light & shadows to accentuate brand attributes. Various angles and tool free design provide unparalleled flexibility to build the most visionary designs.
